

MIN SEOHYEON

PRODUCER | PROJECT LEAD

weare1842@gmail.com
github.com/Seohyeon-Min |
seohyeon-min.github.io/my_portfolio
linkedin.com/in/seohyeon-min

Producer and project lead who carries games, events, and physical products from planning through delivery. I align multidisciplinary teams and external partners, negotiate resources and constraints, track execution, resolve delivery risks, and build repeatable operations across production, live events, vendors, logistics, and customer communication.

SKILLS

Production	Scope/milestone planning, P0-P3 prioritization, ownership, risk identification, acceptance criteria, review, testing, integration
Operations	Event production, vendor sourcing and negotiation, sample review, preorder planning, fulfillment, customer communication
Planning Tools	Notion, Jira, GitHub Projects, GitHub Issues, Perforce, Witchform, Peing; task documentation, status tracking, review and rework loops
Technical	Unity, C++, C#, OpenGL, GLSL, ShaderLab, Blender, Git branching and merge review, CMake; graphics/gameplay debugging

EXPERIENCE

DANGLING GAME JAM

Jun 2025

Founder / Producer / Project Lead

- Founded and delivered the university's first interdepartmental game jam: 24 participants, 6 teams, 36 hours.
- Owned the event from proposal through closeout, including university approvals and an ~KRW 800,000 budget.
- Ran promotion, participant communication, on-site operations, and final submissions; every team finished.
- Achieved a 4.87/5 participant satisfaction score across 23 post-event responses.

PLUSH PRODUCTION 🏠

Independent

Vendor & Fulfillment Lead · Product Designer

- Opened prepaid preorders through Witchform and set production quantities from confirmed paid demand.
- Sourced a manufacturer through Taobao, negotiated pricing and schedule, and reviewed physical samples.
- Built a factory-to-customer workflow across freight forwarding, defect inspection, and domestic delivery.
- Generated ~KRW 10 million in revenue; the public account reached 235 followers and 1,000+ reposts.

TOO HOT! 🏠

Jul 2026

Producer · Technical / Creative Direction · Unity / ShaderLab / Notion

- Directed two gameplay programmers and defined the project's technical structure and priorities.
- Owned the integration branch and final merges; reviewed every contribution and requested revisions.
- Coordinated gameplay, art, UI, VFX, audio, and presentation through a 130+ item P0-P3 backlog.
- Secured an offline booth at a Korean game event for an October 2026 exhibition.

NEW MANZO 🏠

Aug 2025 – Sep 2026

Production Lead · Primary C# Programmer · Game Artist / Visual Director · Unity / C# / Notion

- Led long-term scope, milestones, and delivery planning across a multi-semester team project.
- Directed cross-discipline communication and ownership while contributing hands-on technical support.
- Repository lead contributor with 417 of 585 commits, driving the project to a completed playable build.

MANZO 🏠

Sep 2024 – Dec 2025

Production Lead · Graphics / Engine Programmer · Technical Artist · C++ / OpenGL / GLSL / Notion

- Bridged design, art, and engineering across a multi-semester, largely solo-engineered C++ project.
- Directly implemented rhythm, rendering, particles, debugging, and Git integration end-to-end.
- Owned final presentation and polish; largest repository contributor with 366 commits.

STREET TYPER 🏠

Aug 2026

Producer · Art / Technical Art · Unity URP / Notion

- Scoped and coordinated a public 10-day team build for a bilingual typing-combat game.
- Owned visual direction, UI, VFX, and gameplay readability across the production.
- Published the build on itch.io and coordinated preparation for a Steam release.

JOINT BAND PERFORMANCE

May 2025

Co-Organizer

- Co-organized a two-hour live performance featuring six acts from DigiPen, BARD, and an independent band.
- Coordinated rehearsals, setlists, equipment load-in, show order, and post-event logistics.

TEACHING ASSISTANT - GAME DEVELOPMENT PROJECT I

Spring 2025

- Supported ~30 students across DigiPen Korea's Game Development Project I cohort with technical problem-solving.
- Diagnosed issues across student projects and delivered clear, actionable feedback throughout the term.

EDUCATION

B.S. Computer Science in Real-Time Interactive Simulation | Expected Graduation: May 2028
Keimyung University | DigiPen Institute of Technology | GPA 3.958/4.0
